Set in the stunning surroundings of Newby Hall & Gardens, near Ripon, the Harrogate Autumn Flower Show provides a unique experience for up to 30,000 visitors each year.

This year's event offers stunning displays from dozens of the country's leading plant nurseries and societies, alongside incredible fruit and vegetables, great garden advice and the opportunity to explore Newby's award winning gardens.

Live stages offer demonstrations and activities with expert gardeners, growers and florists sharing practical advice, seasonal inspiration and creative ideas. From gardening tips to floral design techniques, there will be plenty to discover.

Newby Hall itself is the setting for a unique celebration of floral art, whilst gift ideas and artisan crafts in the Lifestyle Pavilion alongside mouthwatering delicacies in the Food Hall make for a truly spectacular experience for everyone.
